Book 1, Page 92. The Prescription Drug Monitoring Program (PDMP) was established through new legislation during the 2021 regular session for the purpose of overseeing the collection and use of patient dispensation information for prescribed controlled substances. A newly created Prescription Drug Monitoring Task Force will oversee this program with technical, legal, and administrative support being provided by the Office of Administration. This program also requires the joint oversight task force to enter into a contract with a vendor through a competitive bid process for operation of the prescription drug monitoring program. The vendor shall be responsible for the collection and maintenance of patient dispensation information. OTH funds are Opioid Addiction Treatment and Recovery Fund, One-time funds \$1,790,652. Senate recommended GR funding due to pending legislation that would disallow the Office of Administration use of the Opioid Addiction Treatment and Recovery Fund.

Book 1, Page 125. The FY2022 staffing request for ERP was reduced to include nine months of funding based on the projected start date of the ERP project. This request includes \$691,038 PS, and \$7,350 for E&E that is needed to provide for the other three months of funding in FY2023 . An additional \$647,729 PS is being requested to adjust the base salary amounts for these positions. As we begin to identify staff members with the skills, knowledge and qualifications necessary, we have found that the salary requirements needed to attract qualified staff will be higher than was originally anticipated.Flexibility is requested to allow contracted staff to be hired instead of state staff if necessary. It is expected that the ERP project will begin implementation design and configuration at the start of FY2023 which will require staffing and equipment for the full 12 month period. House recommended funds (\$600,000 PS and \$33,000 E&E) be transferred to departments for this effort. Senate agreed with funding request within the Office of Administration. Conference agreed with Senate position.

**Section 5.025**

Book 1, Page 161

Per Executive Order 05-07, the management of State Information Technology resources was consolidated under the Office of Administration in FY06. Consolidation places IT resources under the direct control of the State's Chief Information Officer, who will assess the IT staffing and equipment requirements, which should result in a more coordinated use of IT resources. This section contains the operating funds for each of the division's sections including Infrastructure, Operations, and Administration. In addition, this section includes funding for information technology services provided to the 14 departments included in the consolidation.

Book 1, PAge 171. Improvements have been made to internal processes to address quicker deployment but holding inventory will allow ITSD to respond to end user needs in 48 hours instead of 6 weeks. This fund, Mo Revolving Info Tech Trust Fund, is a non-count revolving fund that will recoup the funds once equipment is deployed and billed to the appropriate funding source which supports the user receiving the equipment. This request is for appropriation authority only to allow ITSD to procure and pay the vendor prior to deploying equipment on an as needed basis. Equipment will be ordered on a quarterly basis to maintain an inventory level equal to 1/4 of laptops, tablets, desktops, and monitors.

Book 1, Page 177. In 2020, the Missouri 9-1-1 Service Board entered a feasibility study to examine implementing Next Generation 9-1-1 (NG9-1-1) across the state. NG9-1-1 requires robust, mature geographic information systems (GIS) data, submitted by counties and municipalities as their authoritative data set GIS data is a framework for gathering, managing, and analyzing data based on location. Thus, this NDI is grounded in the theory of "build it once, use it many times." Counties are already tasked with submitting data to the 9-1-1 Service Board; we propose a State annual harvest of the collected GIS data, with the intent of hosting it in Missouri's established data clearinghouse for public and government use.

Book 1, Page 206. The current manual process required for the submission, review, and posting of CORE 42 courses results in missed deadlines; inaccurate data; loss of credibility in the department; and failure to meet the statutory requirements. This project supports the processes to maintain, evaluate, and communicate the CORE 42 to the thousands of students, faculty, staff, administrators, high school counselors, parents, and other interested parties across the state. The goal of the CORE 42 is to facilitate the seamless transfer of academic credits., It is estimated that the new process will reduce staff time from 508 hours per year to 171 hours per year if the new system is created. House recommended entire amount to be one-time. Senate recommended ongoing funding. Conference recommended funding should be one-time.

Book 1, Page 212. Funding would provide an IT solution to establish an automated Fast Track administrative system including a student facing component, contained in the DHEWD Student Portal, and an administrative component, that provides information to postsecondary institutions and DHEWD staff necessary to administer the program. This request would allow the DHEWD and ITSD to complete the remaining components of that system. While much of the needed functionality is currently developed, this funding would allow the remaining development and testing to be completed. This would allow the system to be fully functional and provide the support necessary to adequately administer a grant that converts to a loan program. House recommends funds be one-time. Senate recommended funds be ongoing. Conference recommended funding be one-time.

Book 1, Page 218. DHEWD's enterprise data systems, including the Workforce Longitudinal Data System (WLDS), Workforce Information Database (WID), and public-facing Missouri School Credentials for Occupations Resulting in Employment Success (MoSCORES) and Missouri Economic Research and Information Center (MERIC) websites are in need of a range of enhancements. The WLDS and WID databases currently do not have a proper documentation of the architectural framework of the business entity-relationship models and diagrams (ERD). A proper ERD will facilitate the effective and efficient management, maintenance, and communication of databases by enhancing visual representation of the databases. House recommended funds be one-time. Senate recommended funds be ongoing. Conference recommended funds be one-time.

Book 1, Page 232. The Department of Revenue wishes to extend the maintenance contract for their DORA (Department of Revenue Answers) chatbot. The chatbot has been in operation since November of 2019, and has fielded 2.9 million inquiries, over the course of 842,000 unique conversations. This request will cover the cost of the vendor source contract. The Department expects the maintenance costs to increase at a rate of 5% per year for each year following FY 23.

Book 1, Page 247. In the spring of 2020 Tableau was selected as our enterprise analytics product. Our first priority with Tableau was to get all necessary COVID related dashboards in place to keep the citizens of Missouri informed with critical data related to public health, economic recovery and social impact. This supports our priority to become a data driven government, making the best decisions possible to support the citizens of Missouri. This funding will allow OA to provide this citical tool at an enterprise level. Keeping the costs to agencies utilizing the tool at a managable rate and giving access to all agencies. OA's ability to continue paying for the core Tableau costs will allow for more adoption and data driven decision across the State.

Book 1, Page 283. When budget bills were written in FY22 following budget conference for HB5, all of the GR supporting the Department of Economic Development's IT budget was written as being stimulus funding rather than GR in error. There is a supplemental request to correct this for DED in FY22 (HB 15); this request carries that correction into FY23.

Book 1, Page 319. The state's Crime Victims' Compensation Program (CVC) serves victims and families experiencing life-altering, traumatic situations by providing financial assistance as a payor of last resort. Payments may include payment of bills for medical, behavioral health, funeral costs, lost wages and loss of support up to \$25,000/crime. DPS-OVC is seeking to procure a system that will allow for the digital submission of applications and digital correspondence with victims of violent crimes and related service providers. This solution will allow for a quicker response from DPS-OVC to victims, families and service providers. Currently, DPS-OVC receives applications for CVC/SAFE/CPAFE in paper format with substantial supporting documentation. House recommends funding be one-time. Senate recommended funding be ongoing. Conference recommends funding be one-time.

Book 1, Page 325. MO-CVAP will provide a critical tool for victims of violent crime. Registered victims will receive a message via text, email, or call upon a change in an offender's incarceration, court status, or the status of a protection order. Registrants will receive a notification if an offender is in custody, in a county jail, or MO DOC and other important custody information. Currently, victims pursuing crime victims' rights as established in Section 595.209, RSMo, are required to navigate a disjointed system. The current system burdens the victim with too many data entry points. By reducing the number of entry points to one, victims can be relieved of repetitive registrations within multiple systems. House recommended funding be one-time. Senate recommends funding be ongoing. Conference recommends funding be one-time.

Book 1, Page 394. This funding is necessary to replace SAM II, the State's legacy Enterprise Resource Planning (ERP) system that was implemented in 2000. The system is critical and supportive to all segments of State government. All payments from the State Treasury touch SAMII. Critical components with statewide impact include: Employee payroll processing, vendor payment processing, statewide budgeting, budget and cash controls, annual tax reporting (W2s and 1099s) capital asset tracking, data warehouse capabilities, and federal grant tracking.The ERP software is currently in the review of bid proposals procurement stage but it is anticipated to start implementation design and configuration in FY2023. Additional funding of \$5-10 million will likely be needed in FY 24 as that is estimated to be the peak cost year for the project. House recommended using eProcurement State Technology Funds instead of GR.

This program will enhance the state's investment in a professional development model to more specifically create a succession planning pathway for agencies and individual team members to succeed. This is intended to be a 2-3 year pilot program with multiple rounds of rotational assignments for roughly six months each. This opportunity will be competitively sought by state team members with the potential for 8 spots to be awarded at a time. House did not recommend. Senate recommended funding. Conference did not recommend funding.

Book 1, Page 472. In order to be able to support competitively bidding the 170 fee offices located throughout the state, the Division of Purchasing requires additional support of three FTE to oversee and manage the procurement of the fee office bids, including any necessary contract management functions, and to conduct the day-to-day functions of competitively bidding the fee offices. When the Division of Purchasing began bidding the fee offices, no additional FTE were provided to the Division to support the task. For this large volume of competitive bidding processes to be conducted, proportionate procurement office resources must be provided as the timeliness of other procurements is currently being jeopardized.

Book 2, Page 500. FMDC has seen continued increases in prices due to supply chain shortages, minimum wage and security costs, to name a few. Vendors that provide services for our state owned and institutional locations are charging more for their services. FMDC is requesting additional spending authority in HB 5 in order to have the funding available when needed. OTH fund is State Facility Maintenance and Operation Fund (non count). Office of Administration requested the Senate increase funding. Senate and Conference agreed with increase.

## **DIVISION OF GENERAL SERVICES – OPERATING**

### **Section 5.095**

Book 2, Page 522

The Division of General Services provides the Office of Administration and all state agencies with a variety of central government functions. State Printing offers reproduction services including design, printing, finishing, and quick copy services. Mail Services advises agencies on mailing practices, provides mailing services to the Office of Administration and conducts interagency delivery of mail within the Jefferson City area. Risk Management administers the Legal Expense Fund and the workers' compensation program for state employees, purchases insurance when appropriate, and monitors policies and claims. This section also coordinates the Statewide Safety Steering Committee and advises state agencies on risk management issues. Vehicle Maintenance operates a centralized maintenance facility to provide mechanical repairs and body shop services for state vehicles based in the Mid-Missouri area. Fleet Management establishes statewide policies governing state vehicle operations and management; coordinates a centralized fleet information system and serves as a resource for fleet management issues.

**OFFICE OF CHILD ADVOCATE**

**Section 5.160**

Book 2, Page 651

The Office of the Child Advocate promotes the child protection system to ensure that children are secure and free from abuse and neglect. OCA does so primarily by providing independent oversight over persons, organizations, and agencies responsible for providing services to or caring for, children who are victims of abuse and neglect.

**CHILDREN'S TRUST FUND**  
**Section 5.165**

Book 2, Page 673

The Children’s Trust Fund awards community based grants and conducts public education campaigns to prevent child abuse in Missouri. Funded grants to local governmental agencies, hospitals, schools, Not-for-Profit and faith-based organizations support such projects as mentoring for teen parents, grandparent support projects, fatherhood initiatives, home visitation, parent education and parental nurturing. Projects that result in positive outcomes for families are promoted to other communities for replication.

Book 2, Page 685. The CTF Board would like to release additional funding from the CTF fund and pursue federal and private funding opportunities to support the Board's mission to prevent child abuse and neglect. The current spending authority prohibits CTF from applying for funding opportunities because the funds would not be able to be spent in a timely manner. This request is for spending authority—not additional General Revenue. Any increases in spending will come from CTF's fund balance or federal or private sources. OTH fund is Children's Trust Fund.

Book 2, Page 834. In March 2021, the federal government passed the American Rescue Plan Act (ARPA) of 2021 in repose to the COVID-19 pandemic. The program is intended to speed up the United States' recovery from the negative economic and health effects of the COVID-19 pandemic and the ongoing recession. This section included one-time funding added in FY22 in order to allow the state to pass federal dollars to the local municipal districts. Half of the money was received in July 2021. The timing to receive the other half of the money in calendar year 2022 is currently uncertain. This request will ensure ARPA funds can be distributed in FY23 if needed. This request is for the \$225 million we expect to receive from US Treasury plus the current \$25 million cash on hand that has not been claimed by non-entitlement units.

**BUDGET RESERVE (CASH FLOW) LOAN TRANSFER**

**Section 5.255**

Book 2, Page 840

This request provides the mechanism to transfer funds from the Budget Reserve Fund into general revenue or any other state fund for short-term loans pursuant to Section 27(a), Article IV, Constitution of Missouri. This appropriation also allows for transfers from various other funds into general revenue or any other state funds for short-term loans.

Transfers from the Budget Reserve Fund are deemed "cash operating transfers." An amount equal to the cash operating transfer received by such fund, together with the interest that would have been earned on such amount, must be transferred back to the Budget Reserve Fund or other fund prior to May sixteenth of the fiscal year in which the transfer was made. No cash operating transfers out of the Budget Reserve Fund may be made after May 15 of any fiscal year.

Transfers from other state funds into general revenue or other state fund shall only be transferred from May 15 to June 30 in any fiscal year, and an amount equal to the cash operating transfer received by such fund, together with the interest that would have been earned on such amount, must be transferred back to the other fund prior to June 30 of the fiscal year in which the transfer was made.

Book 2, Page 865. This item requests transfer authority to transfer monies from GR to the Cash Operating Expense Fund (COEF). The COEF shall consist of moneys appropriated by the General Assembly as well as any funds appropriated to the Office of the Governor for expenses incident to emergency duties performed by the National Guard, matching funds for federal grants and emergency assistance, and expenses of any state agency responding during a declared emergency that are unexpended at the end of a fiscal year. The Governor may transfer moneys from the COEF into GR in any fiscal year in which actual revenues are less than the revenue estimates upon which appropriations were based or in which there is a budget need due to a natural disaster, as proclaimed by the Governor to be an emergency. If the balance in the fund at the close of any fical year exceeds 2.5% of net GR collections for the previous year, such excess shall be divded evenly between the State Road Fund and debt retirement related to bonds issued by or on behalf of the state. Senate did not recommend funding. Conference agreed with Senate recommendation.

**FUND CORRECTIONS**  
**Section 5.285**

Book 2, Page 875

This appropriated transfer mechanism allows the Division of Accounting to correct prior fiscal year revenue transactions that were erroneously deposited into the incorrect fund. After a fiscal year has ended, revenue "correction" documents cannot be processed.

This appropriated transfer is requested specifically to allow the transfer from the fund that erroneously received the deposit in a prior fiscal year to the correct fund in the current fiscal year.

**CENTRAL SERVICES COST ALLOCATION**  
**Section 5.290**

Book 2, Page 880

An accepted accounting practice, allocations recover costs for services provided to other entities. For instance, the federal government allows the State of Missouri to recover overhead costs for federal programs through a Statewide Cost Allocation Plan (SWCAP). Using standard accepted accounting methods, the Central Services Cost Allocation Plan (CSCAP) recovers the costs of providing services to various state funds including those provided by the Office of Administration, the Department of Revenue, the Governor's Office, the Lieutenant Governor's Office, the Secretary of State's Office, the State Auditor's Office, the Attorney General's Office, the General Assembly, and the Capitol Police. To determine a fund's participation eligibility, the Office of Administration systematically analyzes relevant constitutional provisions, statutory language, fund revenue sources, and other appropriate considerations.

**REFUND –FLOOD CONTROL AND NATIONAL FOREST RESERVE**  
**Section 5.300 & 5.305**

Book 2, Page 905/910

Flood Control Program: The Department of Defense/US Army Corps of Engineers disburses 75% of funds received from lands acquired for Flood Control, Navigation, and Allied Purposes to compensate local taxing units for the loss of taxes from federally acquired lands. Counties receiving the funds expend the money for the benefit of public schools and public roads in the county.

National Forest Reserve Program: This program distributes funding to counties in which National Forests are located. Revenue is received by the federal government for mineral leases, rentals, concessions, and timber from National Forest lands. A quarter of the revenue is returned to the states. The Office of Administration acts as a 'pass-through' agent, distributing the revenue to the counties according to a schedule provided by the U.S. Departments of Agriculture and Interior. Counties receiving the funds expend the money for the benefit of public schools and public roads in the county.

**Section 5.310**

Book 2, Page 918

Pursuant to Section 50.850, RSMo, the Office of Administration may reimburse counties, out of funds appropriated by the general assembly, for expenses related to the prosecution of crimes occurring within institutions under the supervision and management of the Department of Corrections. Reimbursements are not to exceed 50% of expenses, and the amount of reimbursement may be based on the number of cases referred, filed, or tried.

Pursuant to Section 50.853, RSMo, the Office of Administration may reimburse counties of the third and fourth class, out of funds appropriated by the general assembly, for expenses related to the trial of capital cases. The reimbursements are not to exceed 50% of actual expenses, and are "limited to counties which were, at the time of the trial, in a negative financial situation."

The reimbursement is \$250 per case.

**AID TO REGIONAL PLANNING COMMISSIONS**

**Section 5.315**

Book 2, Page 925

Funds appropriated for grants to qualified Regional Planning Commissions are distributed in accordance with statutes. Section 251.034, RSMo states that "Payments made under Sections 251.032 to 251.038 to the various regional planning commissions shall be distributed on a matching basis of one-half state funds for one-half local funds. No local unit shall receive any payment without providing the matching funds required. The state funds so allocated shall not exceed the sum of sixty-five thousand dollars each for the East-West Gateway Coordinating Council and the Mid-America Regional Council. The remaining allocated state funds shall not exceed the sum of twenty-five thousand dollars for each of the following regional planning commissions:..." (South Central Ozark, Ozark Foothills, Green Hills, Pioneer Trails, Bootheel, Harry S Truman, Mark Twain, Mo-Kan, Southeast Missouri, Boonslick, Northwest Missouri, Mid-Missouri, Kaysinger Basin, Lake of the Ozarks, Meramec, Northeast Missouri, and Southwest Missouri).

House recommended funding to allow the maximum grant allowed under statute to each RPC.														
Maximums-65k each for the 2 metro regions and 25k for all the others, total of 19 RPCs														
This increase will allow:														
•RPCs to maintain their designation as Federal economic development districts, which allows the regions to maximize opportunities for their local communities for EDA (Economic Development Administration) grant opportunities														
•Allow RPCs to maintain staffing levels necessary to provide technical support to communities for water and wastewater grant opportunities														
•RPCs are engaged in broadband planning at the local level for communities with under-served areas of the state. Many are engaged in mapping for this purpose
